

# HITECH CONSTRUCTION COMPANY LIMITED

## Builders & Civil Engineers

### Community Affairs, Health, Safety, Environment, and Security (CASHES) Policy

#### Policy Statement

HITECH is committed to maintaining high standards in Community Affairs, Health, Safety, Environment, and Security (CASHES). This policy ensures all operations safeguard employees, contractors, suppliers, and stakeholders, integrating global best practices and regulatory compliance into daily operations, with particular attention to the rights and wellbeing of local communities.

#### Objectives

1. **Community Engagement and Cultural Respect:** Foster robust relationships with local communities through transparent communication and effective participation, ensuring community interests and livelihoods are considered in project planning and execution to minimize impacts and disruption to their cultural heritage.
2. **Health and Safety in Community and Work Environments:** Achieve a zero-harm environment in both the workplace and the community by implementing proactive health and safety measures to prevent accidents, health risks and human rights violations. Ensure community utilities and services such as water, electricity, and sanitation are not disrupted by construction activities.
3. **Environmental Stewardship and Ecosystem Service Protection:** Commit to sustainable resource use, pollution control, and conservation of biodiversity to minimize environmental impacts and disruptions to ecosystem services that local communities rely on.
4. **Security Management and Traffic Mitigation:** Implement stringent security measures and emergency preparedness in line with the United Nations Voluntary Principles on Security and Human Rights (UNVP). Develop and enforce traffic management plans to minimize disruptions caused by project-related traffic, ensuring safe and continued access for community members.

#### CASHES Implementation

- **Compliance and Regulation:** Adhere to all applicable local and international laws and regulations related to community affairs, health, safety, environment, and security.
- **Risk Management:** Identify, evaluate, and manage CASHES risks through assessments, risk assessments and mitigation planning.
- **Training and Awareness:** Conduct training programs and ongoing awareness campaigns to ensure that all personnel are informed of, and competent in, their CASHES responsibilities.
- **Stakeholder Collaboration:** Work collaboratively with stakeholders to enhance the CASHES performance and foster community goodwill.
- **Incident Management:** Establish robust procedures for incident reporting, investigation, and response, ensuring all incidents are addressed promptly and effectively to mitigate impacts.
- **Performance Tracking:** Regularly measure and review the effectiveness of CASHES initiatives against established KPIs, including but not limited to:
  - *Frequency of safety training and audits.*
  - *Number of community engagement initiatives and stakeholder meetings.*
  - *Incidents of environmental non-compliance and security breaches.*
  - *Health and safety incidents and response times.*

By adopting this CASHES policy, HITECH reaffirms its commitment to operating in a responsible and sustainable manner that respects the health and safety of individuals, the integrity of environments, and the vitality of communities it serves.
